education

You have your product or idea... What next?

A six-month program, fully funded, for young women across regional Queensland with a startup idea. Whether you're looking to grow your side hustle or transform your concept into an innovative thriving business, this program is designed for you.

What's included:

- In-depth training in business development, covering key skills and strategies
- Mentorship and industry connections to help you expand your professional network
- Ongoing support from industry experts to guide you at every step

Plus, participants will have the opportunity to complete a Certificate IV in Entrepreneurship and New Business, further fuelling their entrepreneurial journey... If they want to.
